Strengthening Families  
Through Community Involvement

Oakland County Youth Assistance (OCYA) has been dedicated to the prevention of juvenile delinquency, child abuse, and neglect since 1953. Twenty-six offices in Oakland County, under the auspices of the Oakland County Circuit Court—Family Division, provide programs to serve youth and their families. Youth Assistance programs work because they are community-based and developed by volunteers who have their fingers on the pulse of the community.

Birmingham Youth Assistance (BYA) is proudly celebrating 63 years of serving youth and their families through a variety of programs and resources. A professional caseworker provides short-term counseling to youth (and their families) referred by schools, police, and the courts. BYA offers parent education programs and gives summer camp scholarships that provide learning opportunities and also enable children facing challenges to enjoy a respite from stressful everyday lives. The Mentors Plus program matches youth with screened and trained caring adults. BYA also offers a variety of fun programs designed to strengthen families. These annual programs include Breakfast with Santa and the Kids' Dog Show, an event for kids aged 4-14. Touch a Truck is an opportunity for youngsters to get up close and personal with fire trucks, police cars, construction vehicles, and more. BYA offers a Kids' Zone at the Birmingham Farmers' Market and, of course, our annual celebration of Youth in Service.

BYA operates with the sponsorship and generosity of the Oakland County Circuit Court—Family Division; Birmingham Public Schools; the City of Birmingham; the Villages of Beverly Hills, Bingham Farms, and Franklin; and donations from organizations and individuals. Principal funding is provided through the Oakland County Board of Commissioners.

This year we will be presenting the Lion's Pride award to acknowledge one outstanding young leader who exhibits strong leadership skills in organizing and implementing service projects and fostering positive change within their community.

The mission of the Lions Clubs is to create and foster a spirit of understanding among all people for humanitarian needs by providing voluntary services through community involvement and international cooperation. From the betterment of local communities, to bringing sight to the world's blind, members never waiver from the mission statement "We Serve". The Beverly Hills Lions Club embraces those committed to building a brighter future for their community.

The Beverly Hills Lions Club is celebrating 53 years of service to the Beverly Hills community this year. Sponsored by the Southfield Lions, the first Installation was held April 14, 1972. At that time the club made the following pledge to the community:

*"To our Community, we pledge our best efforts towards making Lionism a viable force in the fulfillment of humanitarian service ... in every area of need ... but especially sight conservation."*

The club still adheres to this pledge! The Beverly Hills Lions Club is very proud of its history of service to the community in the true spirit of Lionism. The club continues to serve the community as well as supporting a number of local charities.
